- Coordinates and assists with coordination and implementation of educational programs to include Advanced Trauma Life Support, Advanced Trauma Care for Nurses, Trauma Nurse Core Course, Annual Trauma Conferences, monthly Trauma Talk lecture series, Trauma Outreach for referring hospitals and pre-hospital providers, ad hoc educational conferences, seminars, or internal in-services, and other trauma educational programs as directed by Trauma Services leadership.
- Collaborates with Trauma PI to implement educational programs originating from TPI measures and documents effectiveness of education.
- Maintains necessary Continuing Medical Education records as required for trauma center verification.
- Maintains accurate records of all educational programs and provides monthly reports to the Trauma Quality Improvement Committee.
- Participates in trauma outreach including efforts to disseminate awareness of JPS' Trauma Center and trauma systems.
- Developed Rural Trauma Outreach Program, JPS Travels. Developed to improve rural trauma program development, enhance quality standards and establish partnerships with rural and out of network trauma programs
- Participates in local, regional, state and national trauma events consistent with the standards for verification.

Trauma Nurse Clinician - Trauma Services

2011-2014

JPS Health Network, John Peter Smith Hospital, Fort Worth, Texas

- Responsible for monitoring and coordinating patient care with multidisciplinary teams to ensure care is delivered according to established standards, trauma protocols, and as defined by American College of Surgeons.

- Provide direct patient care to all trauma patients as needed throughout their stay.
- Collaborates with the multidisciplinary team to direct patient care while monitoring and ensuring appropriate use of resources.
- Assist the Trauma Program Manager with implementation, continuous monitoring and development of the trauma quality improvement (QI) and performance improvement (PI) programs.
- Work congruently with the Trauma Registrars and Certified Specialists in Trauma Registry (CSTR) to ensure all collected and entered data are accurate in the Trauma Registry prior to being reported to Texas Department of State Health Services (DSHS) and the National Trauma Data Bank (NTDB).
- Maintains awareness of regional trauma systems development through attendance, and communication with attendees, of North Central Texas Trauma Regional Advisory Council (NCTTRAC) projects.
- Participates in quality improvement, professional education and injury prevention activities and assists the Trauma Program manager in continuous trauma program development and intradepartmental professional growth and development.
- Identified as clinical resource during trauma activation and continuing through the inpatient floors.
- Provide education to current and oncoming ED trauma nursing and technician staff regarding resuscitation and management of the trauma patient.

Registered Nurse - Emergency Department 2009-2011
Cook Children's Medical Center, Fort Worth, Texas

- Deliver diverse care for pediatric patients with medical illnesses and traumatic injuries.

Registered Nurse II – Emergency Department 2007-2011
JPS Health Network, John Peter Smith Hospital, Fort Worth, Texas

- Provide care to medically ill and traumatically injured patients in accordance with established protocols, standard delegated orders, and nursing process.
- Care for multi-level trauma patients while maintaining required documentation standards and standard of care for trauma patient per ACS and Best Practice guidelines.
- Effectively work with multi-disciplinary plan of care to ensure that patients receive optimal patient care.
- Utilize independent, dependent, and interdependent interventions to restore stability, prevent complications, and achieve and maintain optimal patient responses for all patients through patient centered care.
- Effectively adapt to ever changing patient workload in quantity and acuity all the while never allowing quality to be compromised.
- Communicate professionally with lateral staff, upper management, and multiple disciplines in planning care of patients.

August 25, 2017

An open letter to the North Central Texas Trauma Regional Advisory Council Membership:

I would be honored to have the opportunity to serve as the chair elect for the North Central Texas Trauma Regional Advisory Council.

I am a solid candidate with enthusiasm and a strong desire to share my knowledge, abilities and skills in organizational leadership. I am an experienced liaison within the trauma and EMS community, with a history of helping the two disciplines engage and collaborate to improve and strengthen system wide outcomes.

In my role as chair elect of the SPI committee I have had the opportunity to work with a number of RAC committees. I would contribute innovative ideas and encourage collaboration amongst RAC stake holders.

I look forward to the potential opportunity of serving within this dynamic leadership and being a part of its expanding sphere of influence.

Thank you for the consideration,

Callie Crawford BSN, RN, TCRN
