Meeting Scribe:

Agenda	Discussion	Action Plan	Responsible Individual	Targeted Completion / Next Step
Welcome! Introductions!			Meeting Attendees	
Objectives: <ul style="list-style-type: none"> • To assess the burden of injuries from older adult falls and communicate information for the purpose of action. (Action) • To promote evidence-based prevention interventions for at-risk populations. (EBP) • To coordinate and collaborate with partners in building program infrastructure. (Infrastructure) • To encourage the adoption of policies and programs that lead to the prevention of older adult falls. (Policy & Programs) • To provide technical support and training. (Training) 			Chair	
2017 Profile of Older Americans Report published by the ACL	The Administration for Community Living (ACL) , which includes the Administration on Aging (AoA), is an operating division of the U.S. Department of Health and Human Services. Every year the AoA creates a Profile of Older Americans , which compiles the latest statistics about the older			

*Right Click to add rows

	<p>population in the United States. Spanning 15 topical areas, the profile includes information about demographic changes among the population age 65 and older (e.g., health, education, income and poverty, living arrangements, caregiving).</p> <p>As a highlight, the population age 65 and over increased from 37.2 million in 2006 to 49.2 million in 2016 (a 33% increase). While this alone is staggering, the older adult population is projected to almost double to 98 million in 2060.</p>			
Texas Active for Life Coalition (TALC)	<p>The TALC is a statewide coalition with an overarching mission to keep Texans “active for life... Everyone! Every age! Every day!” This is primarily accomplished by providing evidence-based programs (EBP) for older adults.</p> <p>Housed within the Texas A&M Center for Population Health and Aging (CPHA)</p>
