Virtual Crisis Applications Training for EMResource & WebEOC

Description: This training will include segments covering EMResource and WebEOC. EMResource is a daily use web-based software that shows the current status and clinical or response capabilities for hospitals and EMS agencies. It is also used to locate the closest available air medical unit and for regional notifications to hospitals and EMS agencies. If you are interested in hosting this training at your facility, please contact Stephanie McKinnis at Smckinnis@ncttrac.org.

Date:

[June 12, 2023](#) [2:00 PM - 4:00 PM](#) [Locations: Virtual - Zoom](#)

[G-402 NIMS Overview for Executive / Senior Officials](#) (waiting list available)

Date: May 19, 2023 2:00 PM - 5:00 PM

Description: The purpose of this course is to familiarize Senior Officials (executives, healthcare leadership, elected and appointed officials, city/county managers, agency administrators, etc.) with their role in supporting incident management within the National Incident Management System (NIMS).

Location: NCTTRAC, CenterPoint Building III, Suite 100, 600 Six Flags Drive, Arlington

[Group Crisis Intervention](#)

Date: May 24 - May 25, 2023 8:00 AM - 4:00 PM

Description: This 2-day course, combined with the Assisting Individuals in Crisis course, comprise the two basic foundational courses for Critical Incident Stress Management (CISM), a process created to equip participants in providing basic, initial care for people who have experienced a critical incident. It is a form of “psychological or emotional first aid” designed to begin the process of helping individuals, using different group techniques, cope better with these incidents. Crisis Intervention is NOT psychotherapy or a substitute for psychotherapy, but rather a specialized, acute, emergency mental health intervention that follows specific protocols and requires specialized training.

Location: NCTTRAC, CenterPoint Building III, Suite 100, 600 Six Flags Drive, Arlington, 76011
