

Fall Prevention & Home Safety

**FORT WORTH FIRE DEPARTMENT
NOW PROVIDES A FREE HOME SAFETY
EVALUATION** and comprehensive home safety checklist to help prevent falls. Falls are the leading cause of injury in adults ages 65 and up. 30% of people over age 65 fall every year. Those who fall are 2-3 times more likely to fall again. The Fort Worth Fire Department responds when someone falls and they want to help prevent them in the first place.

Please call for a free evaluation....
